Med 1.03 Translation of documents. If any of the documents required under this chapter are in a language other than English, the applicant shall also submit a verified English translation thereof, and the cost of such translation shall be borne by the applicant.

H story. Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.05 Fees. The required fees must accompany the application, and all remittances must be made payable to the Wisconsin medical examining board.

H story. Cr. Register, October, 1976, No. 250, eff. 11-1-76.

Med 1.06 Panel review of applications; examinations required. (1) (a) All applicants shall complete the examination under sub. (3) (b). In addition, an applicant may be required to complete an oral examination if the applicant:

1. Has a medical condition which in any way impairs or limits the applicant's ability to practice medicine and surgery with reasonable skill and safety.
2. Uses chemical substances so as to impair in any way the applicant's ability to practice medicine and surgery with reasonable skill and safety.
3. Has been disciplined or had licensure denied by a licensing or regulatory authority in Wisconsin or another jurisdiction.
4. Has been found to have been negligent in the practice of medicine or has been a party in a lawsuit in which it was alleged that the applicant had been negligent in the practice of medicine.
5. Has been convicted of a crime the circumstances of which substantially relate to the practice of medicine.
6. Has lost, had reduced or had suspended his or her hospital staff privileges, or has failed to continuously maintain hospital privileges during the applicant's period of licensure following post-graduate training.
7. Has been graduated from a medical school not approved by the board.
8. Has been diagnosed as suffering from pedophilia, exhibitionism or voyeurism.
9. Has engaged in the illegal use of controlled substances.
10. Has been subject to adverse formal action during the course of medical education, postgraduate training, hospital practice, or other medical employment.
11. Has not practiced medicine and surgery for a period of 3 years prior to application, unless the applicant has been graduated from a school of medicine within that period.

(b) An application filed under s. Med 1.02 shall be reviewed by an application review panel of at least 2 board members designated by the chairperson of the board. The panel shall determine whether the applicant is eligible for a regular license without completing an oral examination.

(c) All examinations shall be conducted in the English language.

(d) All written examinations and oral examinations as required shall be scored separately and the applicant shall achieve a passing grade on all examinations to qualify for a license.

(2) The board will notify each applicant required to complete an oral examination of the time and place scheduled for that applicant's examination. Failure of an applicant to appear for an examination as scheduled may void that applicant's application and

require the applicant to reapply for licensure, unless prior scheduling arrangements have been made with the board by the applicant.

(3) (a) The board accepts the results of the FLEX administered on or before December 31, 1993, as its written examination and requires a score of not less than 75 on both Component 1 and Component 2 of the FLEX administered on or after January 1, 1985.

(b) Commencing January 1, 1994, the board requires the 3-step USMLE sequence as its written or computer-based examination. The minimum passing score for Step 1, Step 2 CK, and Step 3 shall be not less than 75 on the 2-digit scale. Step 2 CS, which is scored as pass or fail, shall be passed. Applicants who have completed a standard M.D. or D.O. medical education program shall complete all 3 steps of the examination sequence within 10 years from the date upon which the applicant first passes a step, either Step 1 or Step 2. Applicants who have completed a combined M.D. or D.O. and Ph.D. medical scientist training program shall complete all 3 steps of the examination sequence within 12 years from the date upon which the applicant first passes a step, either Step 1 or Step 2. Applicants who have passed a step may not repeat the step unless required to do so in order to comply with the 10-year or 12-year time limit. If the applicant fails to achieve a passing grade on any step, the applicant may apply for and be reexamined on only the step failed.

ot . The 10-year or 12-year time limit applies to all applicants, regardless of the date of application, including applicants denied under the prior 7-year or 9-year time limit who submit a new application for licensure.

(bm) The board shall waive completion of the 3-step USMLE sequence for an applicant who has passed all 3 levels of the Comprehensive Osteopathic Medical Licensing Examination, commonly known as the COMLEX-USA. The applicant shall have achieved a minimum passing score for Level 1, Level 2-CE, and Level 3 of not less than 75 on the 2-digit scale. Level 2-PE, which is scored as pass or fail, shall be passed.

(c) The board shall waive completion of Steps 1 and 2 of the USMLE sequence for applicants who have passed FLEX Component 1 prior to January 1, 2000; and shall waive Step 3 of the USMLE sequence for applicants who have passed FLEX Component 2 prior to January 1, 2000. The board shall waive any step of the USMLE sequence for applicants who have passed the corresponding part of the NBME examination prior to January 1, 2000.

ot . The following table represents application of s. Med 1.06 (3) (c)

USMLE
